

## RUMANIA MAY OVERTHROW CABINET TO JOIN THE ALLIES

### Massachusetts Goes Republican

#### McCALL SUCCEEDS DAVID WALSH AS STATE GOVERNOR

Maryland After Hot Fight Elects  
Democrat Executive Over  
G. O. P. Candidate

SUFFRAGE LOSES HEAVILY  
EVERYWHERE IT WAS ISSUE

Ohio Down 'Dry' Forces; Tam-  
many Successful in New  
York City Balloting

[Associated Press by Federal Wireless]  
BOSTON, Mass., Nov. 2.—Samuel  
W. McCall, Republican, will succeed  
Governor David Walsh, Democrat, ac-  
cording to the reports as the election  
count proceeds today. After leading  
Walsh by a slight margin in the ear-  
lier returns, McCall's ascendancy in-  
creased strongly today and it is now  
claimed that no later returns can  
change the results.

Massachusetts has declined to  
amend the constitution to allow wo-  
men suffrage, the defeat of the "votes  
for women" issue being overwhelm-  
ing.

#### TAMMANY WINS VICTORY

NEW YORK, N. Y., Nov. 2.—Tam-  
many Hall Democrats have won a vic-  
tory in the city elections, but the  
state election of members of the leg-  
islature apparently will give the Re-  
publican candidates a strong propen-  
dence.

For the first time in 15 years Tam-  
many has been able to elect its candi-  
date for district attorney—Judge Ed-  
ward Swann. The Tammany candi-  
date for sheriff has been successful  
and it looked also as if the majority  
of aldermen will be Tammanyites.

#### MARYLAND DEMOCRATIC

BALTIMORE, Md., Nov. 2.—Gov-  
ernor Goldsborough, Republican, will  
be succeeded in office by a Democrat,  
Emerson C. Harrington. As the re-  
sult of yesterday's election, Ovington  
E. Walter, the Republican candidate,  
was defeated in a hot fight.

#### PENN. DOWNS SUFFRAGE

PHILADELPHIA, Pa., Nov. 2.—The  
suffrage question was uppermost in  
yesterday's elections and the day's  
balloting resulted in a heavy defeat  
for the suffrage forces.

#### OHIO BEATS "DRYS"

COLUMBUS, O., Nov. 3.—The count  
on yesterday's vote has definitely de-  
cided that prohibition has been beaten  
in Ohio.

(In many of the cities and states  
where elections were in progress yes-  
terday the counting of ballots has  
been very slow and the minor offi-  
ces are still undecided. Outside of  
the gubernatorial and suffrage issues  
there was not much general interest  
in the election elsewhere than in the  
states balloting.)

Early Returns Show G. O. P. Strength.  
The following early returns on the  
mainland elections were received yes-  
terday:

NEW YORK, Nov. 2.—Returns on  
the elections held in eight states yes-  
terday, which are available at 1 o'clock  
this morning, indicate a Republican  
victory. The next legislature of this  
state will be Republican.

Of the constitutional questions up,  
suffrage has been beaten in this state,  
Massachusetts and Pennsylvania, and  
prohibition apparently has been defeat-  
ed in Ohio. The constitution framed  
for New York by the constitutional  
convention, over which Elihu Root pre-  
sided, also has been rejected.

Suffrage Badly Beaten.  
In New York returns at hand show  
that the new assembly will be Repub-  
lican by a safe majority. Suffrage has  
been defeated badly, and while it is  
impossible to tell how large the ma-  
jority against it is, persons in close  
touch with the vote say it will be at  
least 200,000.

Out of 1140 districts in Massachu-  
setts 338 gave McCall 183,322 votes  
and Walsh 183,075. Managers for Mc-  
Call are claiming his election, declar-  
ing the missing districts are all voting  
heavily for him and will increase his  
majority substantially.

Massachusetts has defeated suffrage  
by almost as heavy a vote proportion-  
ately as New York. Mrs. Katherine  
Balch, president of the Massachusetts  
Anti-Suffrage Association, at midnight  
issued a statement claiming defeat by

#### ARMY WILL PROVIDE ESCORT OF HONOR AS GENERAL CARTER GOES

A squadron of the 4th Cavalry,  
troops from the 2nd Infantry and  
a battalion of Coast Artillery will  
form an escort of honor which  
will accompany Major-general  
William M. Carter to the trans-  
port Logan Friday afternoon  
when he bids farewell to Hawaii  
and leaves for the mainland  
where he will retire from the  
army November 19.

The escort will form at the  
Young hotel, probably about 4  
o'clock, and besides the detailed  
troops, many officers and their  
wives will be at the hotel to bid  
goodbye. Details relating to the  
escort will be given later in an  
order which General Wisner will  
issue.

Wireless messages have been  
received from the Logan saying  
that the transport will probably  
leave this port at 5 o'clock in the  
afternoon. The hours of arrival  
and departure are not definite  
and depends largely on the wea-  
ther the Logan encounters.

#### COMING OF BIG HILL LINER AN INDORSEMENT OF PROMOTION LABORS

"The coming of the Great Northern  
is one of the strongest endorsements  
the work of the Hawaii Promotion  
Committee has ever had," said Zeno  
K. Myers yesterday at a meeting of  
this committee to discuss promotion  
work. "The Great Northern Pacific  
steamship company has thus manifes-  
ted its faith in the future of the tour-  
ist traffic to and from these islands  
and has shown that it believes pro-  
motion work is getting results." For-  
thampton, in San Francisco Cal Street  
the company's traffic manager, said  
that the islands are well advertised  
and gave credit to the Promotion Com-  
mittee for its leading work in build-  
ing up the traffic. The fact that the  
Great Northern has been put on this  
run shows conclusively that the Pro-  
motion Committee is on the right track  
in its labors. It was the members  
and officials of the committee who  
from the first led in the efforts to get  
the Great Northern here.

#### GRAND JURY TO PROBE CASE OF J. MARCALLINO

Former Clerk of Circuit Court  
Still in Jail; Refuses At-  
tempt to Get Bond

The case of John Marcallino, for-  
mer clerk of Circuit Judge W. L. Whit-  
A. M. Brown who, since yester-  
day on a charge of embezzlement, will  
probably be turned over to the ter-  
ritorial grand jury tomorrow for in-  
vestigation by that body.

This is according to City Attorney  
A. M. Brown who, since early yester-  
day, has been working on the case.  
Attorney Brown said that there were  
no important over-night developments  
in the case. Marcallino still is con-  
fined in the city jail, and has thus far  
refused to endeavor to secure bail, it  
is said. It was learned today that  
Marcallino has left all matters in the  
hands of H. W. Breckons, whom he  
has retained as his attorney. The as-  
sessment of the property of the Rapid  
Transit was made on a basis of an  
enterprise for profit, whereas it has  
been the contention of the territory  
that a valuation should be placed on  
the present-day value of each of the  
tangible units making up the system  
of the Rapid Transit.

By such a method, the value of the  
company's franchise would have but  
little bearing on the case, it was fur-  
ther contended.

It was expected that Manager Bal-  
letyne would complete his testimony  
this afternoon and that W. H. Bar-  
ringer, a civil engineer, would be called  
as the second witness for the ter-  
ritory.

Barringer was retained by the de-  
partment of public works to make a  
physical valuation of the plant of the  
Rapid Transit, and will testify regard-  
ing his findings. Barringer's figures,  
it was stated today, undoubtedly have  
a direct bearing on the testimony of  
the expert on street railway values,  
who has been retained by the Rapid  
Transit company and who will arrive  
in Honolulu on the next Matsonia.

Announcement has been made of  
a consolidation of three printing trade  
papers, The American Printer, of New  
York; The Printing Trade News of  
Philadelphia. The consolidated pub-  
lication will be issued semi-monthly  
in future under the name of The  
American Printer.

FONDNESS FOR BAY RUM  
CAUSES WOMAN'S DEATH

LIHUE, Kauai, Nov. 1.—An in-  
ordinate fondness for bay rum  
as a beverage has caused the death  
of Maria Batista, a Portuguese  
woman aged 32, who has been  
living at Koloa.

Maria had for long been in the  
habit of drinking bay rum  
diluted with water, but on Tues-  
day of last week she wanted a  
quick jag and gurgled down an  
entire bottle of the pure stuff at  
one clip. That proved to be  
Maria's last grand slam, for con-  
vulsions soon began, and resulted  
in death 12 hours later.

The woman was the mother of  
three children and was house-  
keeper for a man named Torre.

#### RUMOR BECKLEY HOME IS SOUGHT BY ST. FRANCIS

Report Current of Big Deal  
That May Turn Fine Beach  
Residence Into Hotel

"HEINIE" TO BE MANAGER;  
COTTAGES MAY BE PUT UP

Nothing Definitely Settled and  
Little Known Here as to  
Status of Negotiations

Persistent rumors that a big hotel  
deal is being negotiated, by which  
the beautiful George C. Beckley house  
at the foot of Diamond Head would  
be acquired by mainland interests,  
have within the past two days become  
more pronounced. Report today de-  
clares that the men behind Rudolph  
("Heinie") Heydenreich are the own-  
ers of the St. Francis hotel in San  
Francisco, a syndicate which has  
other large holdings, including a great  
hostelry in Seattle.

For several days past it has been  
current street rumor that Heyden-  
reich, who until recently was manager  
of Heinie's Tavern, was negotiating  
to acquire the Beckley property. His  
friends have been informed that the  
visit of Robert W. Shingle of the Wa-  
terhouse Trust company to San Fran-  
cisco might bring about a closing of  
the negotiations with Mr. and Mrs.  
George C. Beckley and the capitalists  
supposed to be behind "Heinie." How-  
ever, inquiry at the Waterhouse Trust  
offices today brought the statement  
that nothing definite has been settled,  
nor is it known definitely that Shingle  
has taken up the matter.

Mr. and Mrs. Beckley are now on  
the coast and the deal may be closed,  
if it is closed at all, within a very  
short time.

Heydenreich plans to put up a large  
number of cottages on the grounds, to  
divide the big residence itself into  
suites, to better the bathing beach  
adjacent and make other improve-  
ments.

Twice previously there have been  
rumors that the St. Francis people  
were planning to secure large beach  
homes for hotel purposes. Both times  
the deal failed to materialize.

(Continued on Page 2)

#### NEW VESSEL FOR MATSON LINE TO BE TWIN SCREW

"Makiki" is Name Which Will  
Probably Be Chosen for  
Duplicate of Matsonia

Twin-screw, geared turbine drive  
and with probably three or four knots  
more speed than the Matsonia, this is  
the latest news concerning the big  
new steamer, a duplicate of the Ma-  
tonia, to be built immediately by the  
Matson Navigation Company, as an-  
nounced by the Star-Bulletin several  
weeks ago. The new steamer's name  
will probably be the Makiki.

This latest detail concerning con-  
struction of the new steamer was  
made public today by T. H. Petrie,  
secretary of Castle & Cooke, local  
Matson agents. The company received  
a letter yesterday from Capt. Wil-  
liam Matson, president of the Matson  
Navigation Company, containing the  
information that the new liner would  
be twin-screw and turbine drive.

"I wanted another ship which would  
duplicate the Matsonia," says Capt.  
Matson's letter in part, "except that  
it would be of geared turbine drive  
and twin-screw."

That the name of the big new boat,  
which will cost more than \$1,600,000,  
the Matsonia's original price, will  
probably be the Makiki, although it is  
not yet definitely known, was stated  
by Mr. Petrie, who said that com-  
pany's policy now is to begin the  
names of its future boats with the  
letter M, and that it is naming the  
new ships after the Honolulu valleys.

"They started with the Manoa," he  
observed this morning, "and if they  
follow this rule the new steamer will  
be named Makiki, the name of the  
first valley this side of Manoa. Of  
course we don't know positively as  
yet just what its name will be, but  
Makiki looks the most likely at the  
present time."

Mr. Petrie said the new steamer  
will contain a number of improve-  
ments, such as a different arrange-  
ment of staterooms, dining saloon,  
kitchen and other features which ex-  
perience has shown could be improved  
in another ship duplicating the Ma-  
tonia in size.

The Matsonia's speed is 15 knots.  
Shipping men agree that geared tur-  
bine drive and twin screw should give  
the new steamer 18 or 19 knots easily.  
The twin-screw plan also makes for  
greater security in case one of the  
propellers should break.

### OAHU WILL HAVE 22,000 TROOPS UNDER NEW PLAN

Maj.-Gen. Carter Tells Ad Club  
Barracks for 12,000 Men  
Men Will Be Erected

GOVERNMENT MAY BUILD  
AROUND-ISLAND HIGHWAY

Construction Probably Will Be  
Undertaken by Department  
of Interior, as in Alaska

"I prophesy that within a year build-  
ings will be in the course of construc-  
tion for 12,000 additional soldiers for  
Oahu, and in less than two years  
there will be more than 30,000 men  
stationed on this island," said Maj-  
gen. William Harding Carter, during  
the course of his farewell speech to  
the Ad Club at noon today.

Gen. Carter said that he had been  
informed officially some time ago that  
6000 men would be sent here as soon  
as barracks were provided and that  
just a few days ago he had received  
official notification that the War Col-  
lege had recommended that still an-  
other 6000 men be sent here. The  
12,000 men would be sent here, he  
said, just as rapidly as they could be  
spared from the mainland and bar-  
acks constructed here for them.

Another important announcement  
made by General Carter is that A. A.  
Jones, first assistant secretary of the  
interior, had promised him when on  
the islands last May that he would  
do all he could to aid the movement  
to have the government build a mili-  
tary road to encircle Oahu out of civil  
funds and without touching the army  
appropriation. Roads are built in  
Alaska on this plan, and General Car-  
ter said he had reported to Washing-  
ton as emphatically as he could that  
such a road is needed here.

Opening his remarks, General Car-  
ter said that he did not feel like jok-  
ing, because his leaving is to him too  
serious a matter.

"An enormous amount of construc-  
tion work has been done on this is-  
land," General Carter said, "and a  
great deal remains to be done. As a  
soldier, I see the military side of this

### ITALIAN PREMIER HAS STORMY PATH TO WALK

Antonio Salandra, the Italian  
premier, is the subject of some  
criticism now. The anti-war party,  
which vainly endeavored to keep  
Italy from joining the Allies,  
claims that Italy's failure to shat-  
ter the Austrian line at once is  
full endorsement of the position  
of the "neutrals." Salandra is  
criticized also for the conduct of  
the war.

TYPHOON SWEEPS  
SOUTHERN LUZON;  
MANILA MENACED

200 Dead and Million-Dollar  
Property Loss Reported in  
South Districts

[Associated Press by Federal Wireless]  
MANILA, P. I., Nov. 3.—A disastrous  
typhoon has swept over Southern Luzon  
and is heading for Manila at ter-  
rific speed, according to reports from  
the south. The reports say that 200  
people are known to be dead, and the  
property loss will reach a million dol-  
lars.

Two vessels were caught in the  
storm and foundered. Their crews are  
saved.

COAST STEAMER  
WRECKED; LIVES  
LOST IN STORM

[Associated Press by Federal Wireless]  
MARSHFIELD, Ore., Nov. 3.—The  
coasting steamer Santa Clara, which  
went ashore last night near the south  
spit at Coos Bay, is probably a total  
loss, as the sea is pounding her heav-  
ily on the reef. Eleven of those aboard  
are known to be dead as their bodies  
have been recovered. Nine are still  
missing. The steamer carried 48 pas-  
sengers and a crew of 24. The sur-  
vivors who are able to travel have been  
brought here.

According to the mate, the steamer  
struck a shoal which was recently  
formed by the action of waves and  
currents and which has not been  
charted.

VILLA GETS ENOUGH FOR  
AWHILE AND RETIRES; HE  
MAY COME BACK LATER

[Associated Press by Federal Wireless]  
DOUGLAS, Ariz., Nov. 3.—After his  
unsuccessful attack on Agua Prieta,  
Gen. Villa retired today to Anavacoch  
Pass, 12 miles southeast of here. Am-  
munition shortage and hunger and  
thirst on the part of his troops com-  
pelled him to abandon hostilities for  
the present, and it is believed that he  
will get a new supply before renewing  
the attack.

Villa left 336 men dead on the field.  
The known casualties among the Car-  
ranzistas are 25 dead and 75 wounded.

FAMOUS SURGEON OF  
CIVIL WAR IS DEAD

[Associated Press by Federal Wireless]  
WASHINGTON, D. C., Nov. 3.—  
Brig.-Gen. George Miller Sternberg,  
retired, died at his home here today.  
He was a famous surgeon in the Civil  
War and later was surgeon-general.  
He had command of the medical ser-  
vice during the war with Spain, and  
was a member and secretary of the  
commission which headed the work of  
stamping yellow fever out of Havana.  
He was 77 years old.

### BARGAIN FOR HALF A MILLION MEN MAY SWING RUMANIA FOR ENTENTE; MORE SERB LOSSES

TEUTONS AND BULGARIANS STEADILY DRAW CLOSER  
JAWS OF TRAP—BERLIN REPORT SAYS HINDENBERG  
WITHDRAWS FROM EXTENDED ATTACK ON RIGA—MAY  
UPSET PLANS OF GERMANS TO CAPTURE STRONGHOLD  
AND ESTABLISH WINTER QUARTERS

[Associated Press Service by Federal Wireless]  
MILAN, Italy, Nov. 3.—Rumania is bargaining with the  
diplomats of the Entente Powers in an endeavor to win the  
pledge of the support of a huge army if she will enter the war,  
according to rumors which have reached here from Bucharest  
and other European capitals. The Rumanian Opposition,  
which has been gaining strength for weeks and recently held  
a massmeeting at which two former cabinet members were  
speakers, is endeavoring to overthrow the cabinet presided  
over by Premier Bratiano. Their plan is to force the forma-  
tion of a ministry favorable to the Allies, after which terms  
may be secured from the Entente Powers.

It is reported here on good authority that Rumania's eu-  
trance into the war is conditional upon the Allies sending half  
a million men to her aid. Rumania apparently fears a quick  
invasion by the Teutons and possible attack by Bulgaria in  
case her lot is cast with the Allies and wishes to make certain  
of enormous military strength before taking the step.

German Army Under Hindenberg  
Withdraws From Riga Attacks

BERLIN, Germany, Nov. 3.—Official.—On the east front,  
in the Riga district, Northern Russia, Gen. von Hindenberg has  
withdrawn his forces between Swenton and the Ilisen lakes.

Teuton Armies Make Steady  
Progress in Serbian Campaign

BERLIN, Germany, Nov. 3.—Official.—The Teuton armies  
are making steady progress in Serbia. Usitsee has been cap-  
tured from the Serbians.

German Cablegrams Admit Individual  
Reverses, Claim Progress in General

The following cablegram from official  
German sources was received last  
yesterday:

German Army Headquarters, Nov. 2.—  
The French attempts to conquer the  
Butte de Tahure in the Tahure sec-  
tion, for which there has been bitter  
fighting, failed today.

"On the west front Gen. von Hinden-  
berg's army advanced along the rail-  
road from Tackum to Riga. Russian  
attacks in front of Riga were repulsed.  
The fighting between Swenton and Al-  
sen Seas is still going on. 500 Rus-  
sians being captured here. West of  
Czartoryk, Gen. Linsingen's army is  
progressing. The Russian attempts to  
hinder the advance failing and heavy  
losses being suffered."

"Near Simkivke Russians succed-  
ed in entering the trenches held by  
Gen. von Bothmer's troops but by a  
counter attack the trenches were re-  
conquered. Furthermore, the Germans  
stormed the larger part of Simkivke  
and 2000 Russians were taken pris-  
oner."

"In the Balkans, Zazak has been oc-  
cupied. The passage from the heights  
south of Grr Milanovac into the west-  
ern Morava valley has been won by  
the Germans. The heights south of  
Kraguyevac have been taken by the  
steadily progressing Teutons and Gen.  
Boydoff's Bulgarian army is progress-  
ing through the Niava valley."

TODAY'S SITUATION.  
The following cablegram from offi-  
cial German sources was received to-  
day:

German Army Headquarters, Nov. 3.—  
On the west front, north of the  
Souches salient, a trench of 100 met-  
ers has been evacuated by the Ger-  
mans. East of Peronne an English  
aircraft was shot down by German  
rifles, the pilot being taken prisoner.

"On the east front, Gen. von Hin-  
denberg has repulsed Russian attacks  
near Duenaburg, Illuxt and Garbu-  
novka, the Russians only succeeding  
in occupying Mikulshki."

"Gen. von Linsingen has progressed  
along the road from Linovo to Gar-  
torsk, five officers, 400 soldiers and  
three machine-guns being captured.  
Gen. von Bothmer's fight in the north-  
ern part of Simkivke is still going  
on."

"In the Balkans, Usitsee has been oc-  
cupied."

"The booty taken at the capture of  
Kraguyevac, Serbia, by the Germans  
was six cannon, 20 cannon-buses, 12  
mine-throwers and several thousand  
rifles, as well as plenty of ammunition  
and war material."

"Gen. von Kossava has captured 350  
Serbians and four cannon and during  
the last three days Gen. von Gallwitz  
has taken 1100 Serbians."

"West of Planinica Gen. Boydoff is  
advancing, having taken 250 Serbians  
and four cannon. Further southwest  
of Kuyevac progress is being made.  
300 Serbians and two machine-guns  
being taken. Our troops, advancing in  
the Niava valley, gave way before  
superior forces of the enemy."

ADMIRAL PHELPS DIES  
AT HOME IN OAKLAND

[Associated Press by Federal Wireless]  
OAKLAND, Cal., Nov. 3.—Rear-  
admiral Thomas Stowell Phelps, Jr.,  
retired, who was on board the U. S.  
S. Raleigh at Manila during the Span-  
ish-American war, died here today. He  
was 67 years old.

"NO ELECTION FRAUDS"  
WARNS YUAN SHIH-KAI

(Special Cable to Nippon Jiji)  
TOKIO, Japan, Nov. 3.—A despatch  
from Peking states that Yuan Shih-  
Kai has issued an edict stating that  
the coming election must be govern-  
ed by the authorities and that if it is  
found that there has been any fraud  
practiced in the election precincts he  
will call another election, to decide  
whether China shall change to a mon-  
archy.

It is believed here that this edict  
leaves room for a new election should  
Yuan Shih-Kai be defeated in his  
efforts to establish himself as Em-  
peror.

JAPANESE IN CANADA  
PLAN TO START FIGHT  
FOR NATURALIZATION

(Special Cable to Hawaii Shipoo)  
SAN FRANCISCO, Cal., Nov. 3.—  
Japanese in Canada have begun the  
move to gain the right of naturaliza-  
tion in that country. The movement  
was taken owing to the many attacks  
between the Japanese and Chinese in  
southern China.

SUGAR.  
SAN FRANCISCO, Cal., Nov. 3.—  
Sugar: 55 deg. cent. 4.35 cents. Pre-  
vious quotation, 4.25 cents.

MEMORIALS
